Educating Professionals
Creating and Applying Knowledge
Engaging our Communities

Fill the national shortfall of qualified accountants.

Bachelor of Commerce (Accounting) = your opportunity to enter an exciting international world that deals in the language of business.

Complete a Bachelor of Commerce, majoring in accounting, at UniSA and you are on your way to a career where you can make a significant impact on business operations worldwide. This program gives you many career choices where your skills in analysing and planning the financial matters of organisations means you have an open door when seeking employment.

This qualification will give you flexibility to make broad choices about your career direction. The skills and knowledge this program of study helps you to develop are attributes that many employers worldwide are seeking.

You have an opportunity to enter an area that is dynamic and global. Increasing growth means that continuing employment options for graduates exist in an enormous range of areas – nationally and internationally.

Accounting graduates can enjoy the freedom of seeking work across many areas as most businesses and government departments require professionals skilled in accounting and financial management. By starting in a graduate entry position with this degree, you have the opportunity to progress towards specialist and management roles, offering you an upward career path that will be both challenging and rewarding.

Which Occupations?

This program gives students the education and skills necessary to be an accountant in public practice, commerce and industry and the public sector. Graduates of this degree can find employment as accountants; financial analysts; taxation agents; account keepers; auditors; management accountants; financial managers and forensic accountants.

Graduates may also choose roles such as secretarial or administrative officers. The program also provides a sound qualification for careers in business and management.

Experiential Learning.

Commerce Work Practicum

The School of Commerce offers high achieving students the opportunity to apply the theories of their discipline in an actual business setting. The Practicum gives students the chance to:

- develop valuable workplace skills;
- gain greater insight into business;
- network and make invaluable industry contacts; and
- earn credit for an elective course towards their degree.

Professional Memberships

- The UniSA Commerce degree satisfies the requirements for graduates to qualify for Associate Membership with CPA Australia and for entry to the Institute of Chartered Accountants in Australia's professional program, the Chartered Accountants Program.

- Graduation from the Commerce degree has been recognised by the Association of Chartered Certified Accountants (ACCA) as fulfilling the requirements for maximum exemption in the ACCA's professional program.

Career Focused Assessment

- Commerce degree students benefit from undertaking career focused assessment. Students apply their knowledge to assessment based on industry requirements, such as case studies, reports and presentations.
- Students study autonomously and in teams to develop skills highly regarded by industry.

Prizes/Awards and Scholarships

UniSA's valued industry partners offer a range of generous awards and scholarships.

15 Commerce specific individual prizes and awards.

School of Commerce Honours Scholarship \$10,000 x 6 p/a.

Trent Justin

Year Graduated: 2006
Job Title: Senior Analyst
Employer: Deloitte Private

“I would strongly recommend that anyone looking for a career in accounting build their networks early. Attend the CA and CPA career expos early in your uni journey and I strongly recommend applying for vacation work. I had my first accounting job lined up a year before I graduated through attending these expos.”
