If you successfully completed these courses (numbered [1] – [6]), you receive credit towards the Commerce degree for the above courses identified with “*”

Regarding credit from SAIBT to UniSA

- New students from SAIBT are asked to have credit settled as soon as possible. This is especially important in the Commerce degree where we enforce prerequisites in our accounting courses.
- Arranging credit is easy to do. Students can either go to Campus Central at the Yungondi building at the City West Campus on Hindley Street or contact them via e-mail on campuscentral.citywest@unisa.edu.au
- Campus Central is a "one stop shop" for all student administrative enquiries. Students need to supply their SAIBT certificate(s) and transcripts and a photocopy of same. The staff at Campus Central will help them complete the required credit application form.

Recommended study plan for a 2011 study period 2 commencement for a SAIBT graduate

Study period 2

Management Accounting
Finance and Investment
2 electives

Study period 5

Financial Accounting 1 (FA 1)
Companies and Partnership Law (or a different elective)
2 electives

Followed in 2012 with

Study period 2

Financial Accounting 2 (*FA 1 is the prerequisite for FA 2*)
Taxation Law 1 (or a different elective)
Auditing Theory and Practice (or a different elective)
1 elective

Study period 5

Financial Accounting 3 (*FA 2 is the prerequisite for FA 3*)
Global Issues for Accounting
Issues in Accounting Theory
1 elective

If student wishes to study part time, reduce courses per study period accordingly.

IMPORTANT INFORMATION ABOUT PROFESSIONAL ACCOUNTANCY BODY MEMBERSHIPS

- Most Commerce degree graduates aim to achieve this.
- The professional minor comprises Companies and Partnership Law, Taxation Law 1 and Auditing Theory and Practice. All three courses are classed as electives.
- Students need to complete all three courses to be eligible for future membership of The Institute of Chartered Accountants in Australia. Thus, if a student is positioning himself or herself to be a Chartered Accountant by studying the Chartered Accountants Program, these are required courses.
- However, please note that students only need to complete Companies and Partnership Law to be eligible for future membership of CPA Australia. They would replace Taxation Law 1 and Auditing Theory and Practice with different electives.
