 - Financial Accounting 1
 - Management Principles
 - 3 x Elective courses
- = 8 courses credit**

This assumes you have also completed the Cert IV at TAFE SA

Present TAFE SA Certificate IV credit into Commerce degree

- 2 x Elective courses

Regarding credit from TAFE SA to UniSA

- New students from TAFE SA are asked to have credit settled as soon as possible. This is especially important in the Commerce degree where we enforce prerequisites in our accounting courses.
- Arranging credit is easy to do. Students can either go to Campus Central at the Yungondi building at the City West Campus on Hindley Street or contact them via e-mail on campuscentral.citywest@unisa.edu.au
- Campus Central is a "one stop shop" for all student administrative enquiries. Students need to supply their TAFE certificate(s) and transcripts and a photocopy of same. The staff at Campus Central will help them complete the required credit application form.

Recommended study plan for 2011 for a student who has completed the Advanced Diploma in Accounting

Study period 2

Financial Accounting 2
Finance and Investment
Principles of Economics
Business and Society

**IMPORTANT INFORMATION ABOUT PROFESSIONAL ACCOUNTANCY
BODY MEMBERSHIPS**

- Most Commerce degree graduates aim to achieve this.
- The professional minor comprises Companies and Partnership Law, Taxation Law 1 and Auditing Theory and Practice. All three courses are classed as electives.
- Students need to complete all three courses to be eligible for future membership of The Institute of Chartered Accountants in Australia. Thus, if a student is positioning himself or herself to be a Chartered Accountant by studying the Chartered Accountants Program, these are required courses.
- However, please note that students only need to complete Companies and Partnership Law to be eligible for future membership of CPA Australia. They would replace Taxation Law 1 and Auditing Theory and Practice with different electives.
