Please indicate any further areas of interest (if any):

Section 3: UniSA presentation

The UniSA team can present a tailored year 10, 11 or 12 careers presentation to your class in conjunction with a campus tour. Student will get a feel for Uni life exploring one of our campuses and in addition find out about all the UniSA programs on offer and the careers available to them.

Please note: UniSA presentations in conjunction with a campus tour are only available on the City West and City East Campuses

I would like my students to experience a UniSA presentation
