

'Launch your career in space'

*The National Committee on Space Engineering of Engineers Australia
in conjunction with the International Space University and the University of South Australia
is pleased to announce the*

Engineers Australia 2012 SHS-SP Scholarship

The scholarship benefits

Payment in full of the Program Fee of A\$10,900 for attendance at the Southern Hemisphere Summer Space Program from 9 January to 11 February 2012 which includes all tuition, accommodation and meals.
(The scholarship does not include the cost of travel to Adelaide and is not transferable to a later program).

Who is eligible to apply?

Engineering graduates and engineering undergraduates in the final two years of their engineering studies:

- resident in Australia
- who have applied for enrolment in the Southern Hemisphere Summer Space Program and
- who do not have financial support to attend the program from their employer or other sponsor

Selection criteria

The Engineers Australia Selection Committee will select the scholarship winner taking into account:

- the applicant's motivation to forge a career in space engineering in Australia
- the applicant's academic performance and/or qualifications; and
- the applicant's financial circumstances

Documentation required

All applications will be judged on the basis of the information and supporting documents lodged as part of the on-line enrolment process at <http://shs-sp.isunet.edu/Apply>.

(All eligible applicants, including those who have already enrolled, will be automatically considered unless an applicant specifically requests not to be considered by sending an email to inquiries.shs-sp@isunet.edu)

Conditions of award of scholarship

The scholarship winner will be requested by Engineers Australia to carry out the following tasks following the program:

1. Submit a written report at the conclusion of the SHS-SP describing the program and how they believe the SHS-SP will help them to further advance space engineering within Australia.
2. Prepare and deliver several presentations to national conferences and/or public presentations, describing the SHS-SP, their experiences from the program, and their future prospects as a result of their attendance.
3. Be prepared to assist Engineers Australia in the promotion of the scholarship to the wider engineering and public communities.

Deadline for applications

30 November 2011

Notification

The winner of the scholarship will be notified no later than 15 December 2011.
