- You may only take a leave of absence during provisional enrolment where there are exceptional circumstances.
- Normally, a leave of absence will not be approved if you have exceeded your allocated period of candidature.
- Leave will be considered retrospective if the commencement date of the leave falls within a Research Period that has ended. Retrospective leave will only be approved in special circumstances, which are those that include but are not limited to, medical, family, personal, employment or course-related circumstances which:
  - were beyond your control, and
  - did not make their full impact until on or after the census date; and
  - the circumstances made it impracticable for you to complete the requirements of the research degree during the study period in which you enrolled.
- You will be notified by Student and Academic Services (SAS) of the outcome of your application. You must not assume that your request has been approved unless you have been notified by SAS.
