Your Partner in Teaching – how the Library can support you

Irene Doskatsch
Deputy Director : Academic Library Services

Catherine Daniel
Copyright Coordinator
Support for your teaching:

- Request new resources
- Put your textbook on High Demand
- Make your course readings online - Digital Readings Service
- Copyright advice
- Information research skills – face2face & online
- Subject guides - for all disciplines
- Online workshops – e.g. Legal Research Workshop
- Videos
- Off Campus Library Service
Subject Guides

Engineering

In this Guide
- Find books
- Find articles & papers
- Engineering sub-fields
  - Civil engineering
  - Electrical engineering
  - Electronic engineering
  - Mechanical engineering
  - Systems engineering
- Assignment help
- Patents and Standards
- Research

Search Essentials

Search the Library Catalogue

Search

More Information | Advanced Search
Find information on any topic from the UniSA Library's collection of print and electronic books, journals, theses, newspapers and conference proceedings.

Referencing and Academic Skills

Unisa Harvard | Referencing Help | Organising References | Academic Skills

Need help referencing? Follow the roadmap!
- Roadmap to referencing
  This web resource shows you how to reference using the Harvard-UniSA style.
- Find examples on how to do your in-text citations and references, from different sources of information, such as articles, books chapters, websites, and more.

Ask the Library

UniSA's strategy

UniSA is adopting a range of measures to engage with students and enhance their learning:

- Discussion paper: Developing UniSA's Digital Learning Strategy
- Crossing the Horizon Action Plan

"We will pursue a blended approach to online and face-to-face learning...Combining an optimum blend of online preparation and tutor-mediated learning, UniSA's flipped classroom will meet the requirements of today's student body." - p.8

2014 UniSA workshop

This workshop was delivered by Dr Abelardo Pardo, from University of Sydney, in a flipped classroom mode.

How to deploy a Flipped Classroom

Dr Abelardo Pardo
School of Electrical and Information Engineering
The University of Sydney
16 February 2014

Scholarship of Teaching and Learning Guide

Scholarship

*The work of the professor becomes consequential only as it is understood by others. Yet, today, teaching is often viewed as a routine function, tacked on, something almost anyone can do. When defined as scholarship, however, teaching both educates and entices future scholars.*

...of Teaching and Learning

*The Scholarship of Teaching and Learning (SoTL) is conceptualised by Kreber (2005) as “the practical, intellectual and critical work done by university teachers that facilitates student development toward significant educational goals”*

This guide supports university teachers, particularly those new to SoTL, to conduct research or evaluation about teaching and learning. Further, this guide assists teaching staff to identify appropriate discipline related journals and conferences to publish their findings, so they may in a scholarly manner, contribute to teaching and learning discussions and debates nationally and internationally.
